Christmas Eve.

Dream, little child! The shadows fall.
Over the land the mystic veil
That hides the morrow from our eyes
Is swaying in the starlight pale.
Dream, little child! 'Tis Christmas eve.
Dream while the magic hours glide by.
Each wind that blows the snowflakes wild
Is laden with sweet mystery.

Dream, little child! The glowing coals
Are painting pictures on the wall.
Out from the quivering shadows there
You almost hear the thrilling call
Of "Merry Christmas, little maid!
I hope I've brought your heart's desire."
And Santa's shadow just above
Grows lifelike by the leaping fire.

Dream, little child! The Christmas air
Is glowing with your visions bright,
And all the joys tomorrow holds
Are shining on the page of night.
Dream, little child! And may the years
To you their richest treasures leave,
And may all happy dreams prove real
That come to you this Christmas eve!

LIFE.

Like to the falling of the star,
Or as the flight of snipe are,
Or like the fresh spring's gentle
breeze,
Or silver drops of morning dew,
Or like a wind that cools the food,
Or bubbles which on water float,
Even such is man, whose borrowed
life
Is straight called in and paid to
night.
The wind blows out, the bubble dies,
The spring ebbed in autumn
dries,
The dew dries up, the star is shot,
The flight is past—and man forgot!

Big Crowd and a Good Show.

The Victoria (Texas) Daily Advocate has the following to say of the Dana Thompson Sunny Dixie Minstrel Show, which is to appear at Hondo under canvas on Tuesday, Dec. 17th:

The citizens of Victoria were royally entertained with a new form of amusement last night. The Dana Thompson Minstrel Company, under canvas, presented a 3-hour show, and it is safe to say that never in the history of Victoria did so many people gather to see a tent show, except to the biggest of big circuses.

The entertainment was of the minstrel order, but was a pleasing intermingling of the new up-to-date coon songs, cake walks and dances with a production of plantation life in Dixie Land as it was "beto" de wah." The big audience seemed to be out for a good time, and if laughter and applause count, everybody thoroughly enjoyed the show.

The interior arrangement of the big tent was much neater and cleaner than the average tent show, and the stage was well supplied with scenery and well lighted. The tent was supplied with charcoal heaters and was as warm and comfortable as an opera house. Separate entrances were maintained for white and colored people, and the best of order prevailed.

The tent, which was a huge one, was taxed to its capacity, and although well supplied with seats, the crowd was so large that many were compelled to stand. The big audience seemed to understand they were to have a good show, and encored at every opportunity from the beginning to the fall of the curtain on the last act. Mr. Thompson has a good show, and should he ever return to Victoria, is sure to be greeted by a large audience.

Beware of Ointments for Catarrh That Contain Mercury

as mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free.

Sold by Druggists. Price 75c per bottle.
Take Hall's Family Pills for constipation.

Many growing girls in school or business are frail—delicate—anaemic—lack energy and ambition and have thin blood. It is all unnatural and unless checked leads to serious and chronic illness.

Nourishment, not drugs, is the law of reason to build strength—but when appetite is poor and digestion weak, ordinary foods do not nourish—then SCOTT'S EMULSION is necessary.

SCOTT'S EMULSION overcomes just such conditions; its tissue material enters the blood without digestive effort and makes it rich. It tones the whole system and starts the healthy action of cells throughout the body.

Imitations are often offered, but to get results you must get SCOTT'S.

Is Peruna a Laxative?

S. B. HARTMAN, M. D.

I am in receipt of a letter from a mechanic who is at the head of a prosperous household. Peruna has been used in his family for a good many years. He writes as follows: "As you know, we have used Peruna in our home for a number of years. We find it a reliable household medicine in catarrhal conditions, coughs, colds and grip, and many other ailments to which the family is subject. But since the change in the formula of Peruna I do not find it quite as useful to myself. My bowels are naturally very active. I cannot take a cathartic of any sort. It does me injury to do so. The old Peruna contained no cathartic ingredient and was therefore a very useful medicine to me. But I notice that the new Peruna has a slight laxative action, which almost makes it prohibitory for me to use. I was wondering if there was not some way in which I could obtain the old Peruna as you used to make it."

To this letter I made the following reply: "Yes, the new Peruna does contain a laxative element. You should therefore take the old Peruna (Ka-tar-no) which has no laxative quality. While prescribing the old Peruna I found it quite necessary frequently to prescribe the laxative Manalin in connection with it. Therefore Manalin was combined with Peruna, in order to meet those cases that require a laxative. But in case no laxative is required the objection to the new Peruna you speak of arises. Many of the people who used to take the old Peruna found difficulty in taking the new Peruna. To meet those cases I am having manufactured the old Peruna under the name of Katarna, and if you are anxious to get the old Peruna exactly as it used to be made you can do so. PERUNA IS FOR SALE AT ALL DRUG STORES."

SPECIAL NOTICE—Many persons are making inquiries for the old-time Peruna. To such would say, this formula is now put out under the name of KA-TAR-NO, manufactured by KA-TAR-NO COMPANY, Columbus, Ohio. Write them and they will be pleased to send you a free booklet.

SUNNY BROOK
THE PURE FOOD WHISKY

The great tonic and stimulating properties of Sunny Brook have had much to do toward making us the largest distillers of fine old whiskey in the world. For nearly 50 years Sunny Brook has proved of real value to those who now and then require an energy-builder. When energy is lacking efficiency is lacking. Rare, old and mellow whiskey like Sunny Brook, acts as a great up-builder; and makes life worth living.

Sunny Brook is Bottled in Bond—every bottle, is sealed with the Government Stamp showing that the contents are genuine, straight natural whiskey, U. S. Standard (100%) proof. This stamp however, only assures purity, but not quality. Any whiskey Bottled in Bond is genuine straight whiskey, but not all straight whiskeys are good whiskeys. When you select Sunny Brook—The Pure Food Whiskey—then you know that in addition to the assurance of Absolute Purity by the greatest government on the globe you have a guarantee of Unexcelled Quality by the largest distillers of fine whiskey in the world.

No man is Stronger Than his Stomach

The Medical Adviser by R. V. Pierce, M. D., Buffalo, N. Y. answers hosts of delicate questions about which every man or woman, single or married ought to know. Sent free on receipt of 31 one-cent stamps to pay for wrapping and mailing.

LET the greatest athlete have dyspepsia and his strength will soon fail. One's stamina—forcefulness and strength of mind or muscle depend upon the blood, and the blood in turn, requires a healthy stomach, for the stomach is the laboratory where the food is digested and such elements are taken up—or assimilated—which make blood. In consequence all the organs of the body, such as heart, lungs, liver and kidneys, as well as the nervous system, feel the bad effect if the stomach is deranged.

Dr. Pierce's Golden Medical Discovery

helps the stomach to digest food properly, starts the liver into new activity, removing the poisons from the blood, and the various organs get rich, red blood, instead of being ill nourished. The refreshing influence of this extract of native medicinal plants has been favorably known for over 40 years. Everywhere some neighbor can tell you of the good it has done.

Sold by all medicine dealers in liquid or tablet form, or send 50 one-cent stamps to Dr. Pierce, Invalids' Hotel, Buffalo, and a trial box will be mailed you.

There is something about Hunt's Lightning Oil that no other liniment possesses. Others may be good, but it is surely the best. It does all you recommend it for, and more. For sprains, cuts, bruises, burns, aches and pains it has no equal on earth. It stands head on my medicine shelf.

Very truly yours,

Sprained Back

Sprained and sore muscles throw off their soreness when Hunt's Lightning Oil is applied. For relieving pain of any kind there is nothing better, and those people who have tried it for Neuralgia and Rheumatism are loud in its praise. For wire cuts Hunt's Lightning Oil is especially fine as it takes away the inflammation and causes rapid healing. 25c and 50c bottles.

Died.

Mr. Joseph Bilhartz Sr. died at the home of his daughter and son-in-law, Mr. and Mrs. Rud. Haass, of Biry on Monday night, Dec. 2, 1912, after a lingering illness. Deceased was born at Ober-Sulzbach, Alsace, Germany, on June 9, 1833 and came to this country with his parents, four brothers and two sisters in 1845. During the year 1857 he was happily married to Miss Caroline Ebers, who preceded him in death in 1889. This union was blessed with ten children, of whom six survive. Besides the children, he is survived by a number of grand-children, his two widowed sisters, Mesdames M. A. Biry and A. M. Ahr, and a large number of other near and dear relatives to mourn. The remains were brought to Castroville Monday evening and were laid to rest, after a Requiem Mass, at St. Louis church, on Tuesday morning. Despite the inclement weather a large concourse of mourning relatives and friends followed the corpse to its last resting place. Rev. Father Heckman performed the last sad rites. We join in sympathy with the bereaved ones.

CHRISTMAS REUNIONS.

How many families whose members have been dispersed and scattered far and wide in the restless struggles of life are on this day reunited and meet once again in that happy state of companionship and mutual good will which is a source of such pure and unalloyed delight and one so incompatible with the cares and sorrows of the world, that the religious belief of the most civilized nations and the rude traditions of the roughest savages alike number it among the first joys of a future condition of existence provided for the blest and happy! How many old recollections and how many dormant sympathies does Christmas time awaken! — Charles Dickens.

THE LEGEND OF THE MISTLETOE.

THE hanging of the mistletoe at this coming Christmas Eve invites the usual tour across the mystic, musty pages of the past. This branch of the holiday's decoration treasures within it sweets that to the young people are most tempting. It was the same ten centuries ago, and so it will be for centuries to come.

While their ladyships were waiting And their lordships were debating There were other genuflections going on It is hardly worth while stating That acoustic osculating Baptized that British Christmas before dawn.

The sacredness of the mistletoe has always been respected, particularly by the Britons and the Scandinavians. It was a part of the religion of the druids, and they regarded it with the utmost veneration, but restricted their worship of it to the plant when found growing on the oak. The oak was the favorite tree of their divinity. Tutane, which the books say appears to have been the same as the Phoenician god Baal, or the sun, was prayed to under different names by the early pagans. At the period of the winter solstice, which was about Christmas time, a great festival was celebrated in honor of Tutane. When this anniversary arrived the Britons, accompanied by their priests, the druids, went forth with glorious pomp and jollity to gather the mistletoe, which they believed to possess wonderful curative powers. With them they took two white bulls and sometimes human beings to be sacrificed.

Upon finding the oak with the mistletoe clinging to it the chief druid, clad in white, the emblem of purity, ascended the tree and with a golden knife cut the vine. As it fell it was caught in the folds of the robe of another priest. Then the bulls and sometimes the humans were offered to Tutane, and various festivities followed. The mistletoe thus gathered was cut into small portions and distributed among the people, who hung it over the entrances to their dwellings to notify the sylvan deities that they were welcome to shelter during the season of frost and cold.

These rites were retained throughout the Roman dominion in Britain and for a long while under the Jules, Saxons and Angles.

The most beautiful legend regarding the mistletoe and the one from which it derives its mystic powers is of Scandinavian origin. Balder, the god of poetry and eloquence and second son of Odin and Freja, had a dream in which it was intimated that he would be killed in battle. He communicated this dream to his mother, who was very fond of him, and she, to protect him, invoked the powers of nature—fire, earth, air and water—as well as animals and plants and obtained an oath from them that they would do Balder no hurt. With his invulnerability assured, as he thought, he entered the combats of the gods and was very successful in slaying all who came forward to engage him. They struck him with their arrows, but he plucked them out and derided his antagonists as they fell mortally wounded before him. It was about time for Loke, his arch enemy, to challenge him or suffer the ignominy of cowardice, but Loke was a schemer.

He disguised himself as an old woman and, determining to discover the secret of Balder's immunity from death, called upon Freja. He addressed the mother with complimentary remarks upon the valor and good fortune of her son, and the goddess replied that her son was safe from harm, as all the productions of the world had sworn not to injure him. Loke was very much discouraged and was about to go away when Freja added that there was one plant she did not conjure because of its insignificance. With well feigned indifference Loke inquired the name of it, and Freja said it was the mistletoe.

The designing Loke procured a shoot of the mistletoe, made an arrow of it and then sought the assembly of the gods. There he met the blind Heda and concluded that the humiliation of Balder's family would be more complete if Balder should be killed by a slightest god. So he asked Heda "Why do you not contend with the arrows of Balder?" Heda replied that he was blind and unsupplied with arrows, whereupon Loke gave him the mistletoe arrow and said, "Balder is in front of thee." Heda shot, and Balder fell pierced and slain.—Cincinnati Enquirer.

THE BLACK VULTURE.
A LOOF upon the day's immeasured dome
 He holds unshared the silence of the sky.
 Far down his bleak, relentless eyes descry
 The eagle's empire and the falcon's home.
 Far down the gulleons of sunset roam:
 His hazards on the sea of morning lie:
 Serene he hears the broken tempest sigh
 Where cold sierras gleam like scattered foam.
 And least of all he holds the human swarm—
 Unwitting now that envious men prepare
 To make their dream and its fulfillment one.
 When, poised above the cauldrons of the storm,
 Their hearts, contemptuous of death, shall dare
 His roads between the thunder and the sun.
 —George Sterling.

ONE of the most sacred spots this side the pearl-bespangled portals of heaven is a man's own fireside. No matter how the bitter winds of spite and hate and envy may buffet him and strike their chill to his very soul, here is light and warmth and love. When the way has been blackest and the battle has been fiercest, here he finds rest and peace and security. Here no demons from the black regions of envy and spite may enter to spoil his haven of refuge. Here man's evil passions are lulled to slumber and those God-like virtues that make the heart pure and fit it for an abiding place for God reach their fullest stature. Safe is that land that is blessed with happy firesides for no treasuries are ever nurtured there. No ambitions that carry destruction in their wake were ever born of the fireside's mellow glow. And no soul ever wandered into darkness and despair until it forsook the light of its own fireside.

The Welfare Commission Recommends the Workman's Compensation Law.

Dallas, Texas, Nov.—The report of Tom Finty, Jr., Chairman of the Committee on Compensation to Employees for Casualties Occurring in Course of Employment to the Texas Welfare Commission, deals with one of the most important problems which will confront the next Legislature. Mr. Finty is a close and able student of economics; a gifted writer of national reputation, and as staff correspondent of the Dallas News he has illuminated many important subjects of state.

Mr. Finty's report condemns the present method of fixing responsibility for work accidents as working a hardship to both employer and employee, and he very clearly lays down a much more modern and humane doctrine in the following language:

"It is economically and socially un-

sound to require workmen to assume the risks and to hold employers responsible only in the case of their own proven negligence, for the nature of modern industries is such that accidents are inevitable; that the seeming negligence of employees oftentimes is not negligence at all; and that as accidents are incidental to the industries, the industries themselves, and not the employees, should bear the burdens resulting therefrom. In the end society must bear the burden of compensation for work accidents, and such compensation ought to be reduced to a definite system and considered in the light of a pension, just as the government pensions its disabled soldiers."

The Commission recommends to the 33rd Legislature the enactment of a comprehensive workman's compensation law modeled after successful legislation of other states and countries, fully set forth in the text of the report.

In Loving Memory of Grandpa Bilhartz.

Precious Grandfather has left us,
 Left us, yes, forever more.
 But we hope to meet our loved one
 On that bright and beautiful shore.

Lonely the house and sad the hours,
 Since our dear one has left us.
 But, oh, a brighter home than ours
 In heaven is now his own.

Through his pain at times he'd smile,
 A smile of heavenly birth,
 And when the angels called him home,
 He smiled farewell to earth.

Heaven retaineth now our treasure,
 Earth the lone casket keeps,
 And the sunbeams love to linger
 Where our sainted Grandpa sleeps.

We have lost our darling Grandfather,
 He has bid us all adieu.
 He has gone to live in heaven,
 And his form is lost to view.

Oh! that dear one, how we loved him,
 Oh, how hard to give him up,
 But an angel came down from heaven
 And removed him from our flock.

The Secret Terror

The haunting fear of sickness and helplessness is the secret terror of the working man. Health is his capital. Kidney diseases sap a man's strength and vitality. They lessen his earning capacity. Foley Kidney Pills bring back health and strength by healing the disease. They are the best medicine made for kidney and bladder troubles. They act quickly and thoroughly. You can buy nothing better. John McMaisters, Streator, Ill., says: "I feel better and a great deal stronger than I have for many years, and Foley Kidney Pills did it." No harmful drugs. W. H. Windrow.

The optimist was suffering from insomnia. "Well I'm glad it isn't toothache that is keeping me awake," he murmured.

Hearthburn is a symptom of indigestion. Take a dose of HERBINE in such cases. The pain disappears instantly. The bowels operate speedily and you feel fine, vigorous and cheerful. Price 50c. Sold by W. H. Windrow.

The Busy Woman's Day

It begins early, ends late, and is full of work. She often has kidney trouble without knowing it. Her back aches, and she is tired and worn out. Keeps poorly, is nervous, no appetite. Her bladder gives her trouble too. Foley Kidney Pills will cure all that and make her strong and well. Mrs. Lena Beyer, 12 Frederick St., Auburn, N. Y., says: "Three boxes of Foley Kidney Pills were all that were needed to make me strong and well." They are the best medicine made for kidney and bladder disorders. Try them. W. H. Windrow.

While professional athletics are barred in colleges, an able half back has an advantage in working his way through school.

For that Dull Feeling After Eating.

I have used Chamberlain's Tablets for some time, and can testify that they have done me more good than any tablets I have ever used. My trouble was a heavy dull feeling after eating.—DAVID FREEMAN, Kempf, Nova Scotia. These tablets strengthen the stomach and improve the digestion. They also regulate the liver and bowels. They are far superior to pills but cost no more. For sale by W. H. Windrow.

Probably oratory isn't declining; the difference is that big words impress one less when he learns how little they mean.

Croupy Coughs And Wheezy Colds

The quickest simplest way to rid the children of dangerous croupy coughs and wheezy stuffy colds is to give them Foley's Honey and Tar Compound. It gives almost instant relief stops a cough promptly. It soothes and heals. Contains no opiates. H. L. Blomquist, Esdaile, Wis., says: "My wife considers Foley's Honey and Tar Compound the best cough cure and it gives the best results." W. H. Windrow.

There is always room for improvement, although there are times when it seems hard to get the building material.

Cured of Liver Complaint.

"I was suffering with liver complaint," says Iva Smith of Point Blank, Texas, "and decided to try a 50c box of Chamberlain's Tablets, and am happy to say that I am completely cured and can recommend them to every one." For sale by W. H. Windrow.

Drives Off A Terror.

The chief executioner of death in the winter and spring months is pneumonia. Its advance agents are cold and grip. In any attack by one of these maladies no time should be lost in taking the best medicine obtainable to drive it off. Countless thousands have found this to be Dr. King's New Discovery. "My husband believes it has kept him from having pneumonia three or four times," writes Mrs. George W. Place, Rawsonville, Vt., "and for coughs, colds, and croup we have never found its equal." Guaranteed for all bronchial affections. Price 50c. and \$1.00. Trial bottle free at W. H. Windrow's.

No, Maude, dear; we have never heard that it was customary for the widow of a sailor to wear sea weeds.

Could Shout For Joy.

"I want to thank you from the bottom of my heart," wrote C. B. Raeder, of Lewisburg, W. Va., "for the wonderful double benefit I got from Electric Bitters, in curing me of both a severe case of stomach trouble and of rheumatism, from which I had been an almost helpless sufferer for ten years. It suited my case as though made just for me." For dyspepsia, indigestion, jaundice, and to rid the system of kidney poisons that cause rheumatism Electric Bitters have no equal. Try them. Every bottle is guaranteed to satisfy. Only 50 cents at W. H. Windrow's.

One trouble with the family skeleton is that it refuses to stay in the closet.

How to Bankrupt the Doctors.

A prominent New York physician says, "If it were not for the thin stockings and thin soled shoes worn by women the doctors would probably be bankrupt." When you contract a cold do not wait for it to develop into pneumonia but treat it at once. Chamberlain's Cough Remedy is intended especially for coughs and colds, and has won a wide reputation by its cures of these diseases. It is most effectual and is pleasant and safe to take. For sale by W. H. Windrow.

No man knows he is smoking too much until he finds out he can't quit.

When the hands chap badly and the skin splits on the finger tips, every motion is painful. BALLARD'S SNOW LINIMENT puts an end to the misery. One or two applications heals all soreness and restores the hands to sound condition. Price 25c. 50c and \$1.00 per bottle. Sold by W. H. Windrow.

A MESSAGE

To Feeble Old People.

As one grows old the waste of the system becomes more rapid than repair, the organs act more slowly and less effectually than in youth, the circulation is poor, the blood thin and digestion weak.

Vinol, our delicious cod liver and iron tonic without oil, is the ideal strengthener and body-builder for old folks, for it contains the very elements needed to rebuild wasting tissues and replace weakness with strength. Vinol also fortifies the system against colds and thus prevents pneumonia.

A grandniece of Alexander Hamilton, over eighty years of age, once remarked: "Vinol is a godsend to old people. Thanks to Vinol, I have a hearty appetite, sleep soundly, feel active and well. It is the finest tonic and strength-creator I have ever used."

If Vinol fails to build up the feeble old people, and create strength, we will return your money. W. H. WINDROW.

WHEN WAS THE CHRIST CHILD BORN?

It is not generally known that there is a grave question as to the actual date of Christ's birth.

For many centuries we have celebrated Christmas on Dec. 25 and have not troubled ourselves with chronological inquiries. That course is no doubt reasonable and proper, for the churches have sanctioned it.

As a matter of fact, few modern theologians and chronologists agree as to the date of the birth of the Saviour. What most of them agree in, however, is that it did not occur on Dec. 25.

A point on which there is still more unanimity is that Christ was not born in the year which we call 1 A. D. He was born at least four years earlier.

The present method of counting the years was introduced by the Roman astronomer Dionysius Exiguus in the sixth century and came into general use two centuries later, during the reign of Charlemagne. He placed the Nativity on Dec. 25, 754, A. D. C. 1, e. after the founding of Rome. Nearly all chronologists agree that he was wrong by about four years. Christ, according to them, was born 750 A. D. C., or 4 B. C., if not earlier.

Much evidence is offered in support of this. According to Matthew 2, 1 Christ was born in the days of King Herod 1. or the Great, who died, according to Josephus, at Jericho A. D. C. 750, just before the Passover. This date has been verified by the astronomical calculations of the eclipse of the moon, which took place on March 13 in the year 750 A. D. C., a few days before Herod's death.

Allowing two months or more for the events between the birth of Christ and the murder of the innocents by Herod, the nativity must be put back at least to February or January, 750 A. D. C. or 4 B. C.

The star which guided the wise men has been brought into service in the attempt to fix the birth of Christ with scientific accuracy. Between 1603 and 1604 the great astronomer Kepler observed a conjunction of Jupiter and Saturn, which was made more luminous by the addition of Mars in the month of March, 1604. In the autumn of the same year he observed near the planets Saturn, Jupiter and Mars a new fixed star of uncommon brilliancy.

It was blazing and glittering "like the most beautiful and glorious torch ever seen when driven by a strong wind" and seemed to Kepler an "exceedingly wonderful work of God."

He thought that this phenomenon might lead to the determination of the date of Christ's birth. By careful calculation he ascertained that a similar conjunction of Jupiter and Saturn with the inter addition of Mars and probably some extraordinary star, took place repeatedly between the years 747 and 748 A. D. C.

The discovery of Kepler was almost forgotten until the nineteenth century when it was independently confirmed by several eminent astronomers among them Schubert of St. Petersburg, Ideler and Bencke of Berlin and Pritchard of London.

The majority of theologians agree that the date of Christ's birth cannot be fixed accurately from the New Testament or from any other source.

THE CHRIST CHILD.

Prof. H. Sheffey Roller of Lacoste and Prof. Matthews and daughter of Lytle were here last week end for the teachers' examination.
